FOREWORD

Hello ＼(＾O＾)／, I'm writing the foreword from my bed. Ah, it's not that I caught a cold or anything. I just thought I'll write the foreword before falling asleep, that's it.
Talking about being sick, last year Komeya's ambulance went down because of the food poisoning that happened on the first hellish day of Natsu-Comi, this isn't really a good memory. But time really flies, it's already been a year (o´ω`o)_
I actually did this manuscript in June (laughs)
So on time♪

Because I changed some things and there was a typhoon on the deadline day, the manuscript couldn't be handled on time, a lot happened. But in the end, finishing the manuscript itself early is a good thing.
I'm thinking I'll do it that way too starting next year. It's still early, so I may fail with this too (*＾ω＾*)
By the way, it doesn't have anything to do with this book, but well, I'll write it in the afterword.
Anyway, it sets up before the first volume, so I'll be glad if you re-read the first volume after finishing this story!

Okay, let's go!

Still one-sided.

AFTERWORD

Thank you for the hard work. Did some of you notice? Sorry, if the data was included in the manuscript! Since it's hard to do so when working, I try it out slowly on the doujinshi as the day of the transfer might be coming soon (* ɪ *)
And this time, Elektel Delusion is a bit spicy. If it's only sweet stories, it'll give us heartburn sooner or later right? So that's why I chose to make it like that. But maybe all sweety would have been better in the end? (• ̀ω• ́)
I think that Fumi's delusion, when he still had his unrequited love, gave some gloomy feeling because of the influence of his negativeness.
It was kind of fun to write it. It's like some kind of play with his image (laughs)
By the way, I just remembered I wanted to draw a bit more about them arguing when it was still unrequited (° ○°)
Well, since they're all clingy lovey-dovey in the recent volume, maybe it's okay to read a story where they're only fretting sometimes.

Anyway, since it would have been a sad doujinshi with only this story, I tried to add a little "forced" service by Shunpei as an extra (laughs) A service with all his might. This short manga came out in July, and is a part of "Elektel Delusion 4", when Shunpei's taking his exams.
I'll be glad if you read them all together.

Since I finished this manuscript safely, I'm going to dive with the whale-sharks in Okinawa~
I've always wanted to meet the whale-sharks in the sea, so I'm so excited! It's inside a fish-tank, but still (laughs)
I'll be watching them, grinning through the glass, being fed at the aquarium. And on the next day I'll feed them in the sea ♥
Huhuhu

Well then, let's meet next time~
